

By-laws amendment 1.

3. Quorum. The presence of a majority of voting members shall constitute a quorum. In the absence of a quorum, the meeting may continue under the terms of subsections 2 and 3 of Bylaw 11.C.

Reason: We only meet once a semester, so we need some method of conducting business if we lack a quorum. This allows those present to debate and vote, and then the Executive Committee adopts it under its authority to act for the UFC.

Bylaw 11.C. provides: The Executive Committee may take any action that falls within the authority of the UFC on behalf of the full Council, and the action shall have the same authority as an action approved by the UFC itself; provided that: ... (2) There is unanimous consent of the Executive Committee and agreement of the President to the proposed action [and] (3) The Executive Committee action is communicated to the Council and no more than four members of the Council notify the Co-Chairs of their objection to the action within seven calendar days of such notice being sent.
