### Policy Statement

There is a wide range of faculty participation in the governance of the University through University-wide standing and ad hoc committees, the memberships of which are appointed by University administrative officers or by the University Faculty Council. Extensive use is also made of faculty committees at the campus, college, school, and division levels, and within individual departments. Specific information on committee composition can be obtained from the Office of the President or the Co-Secretaries of the University Faculty Council.

**Overview:** This “policy” was a paragraph taken from the old Academic Handbook. It is not a policy in any meaningful sense and was never enacted by the UFC. Committees are controlled by the by-laws.
